

VII. International Scientific Conference

Vascular access in light of current recommendations. Opinion of SPPK for the definition of national recommended procedures for vascular access.

Monday 25.9.2023

08:00	Registration	
09:00	Opening J. Charvát – Chairman of SPPK, Prague	15 min
09:15	SPPK - From national society to ČLS JEP membership. J. Fricová, Prague	15 min
<u><i>I. Session – Recommendations for the choice of venous access</i></u> Chairs: J. Charvát, M. Kunderlík, M. Douglas		
09:30	Vascular access in 2023. J. Charvát, Prague	15 min
09:45	Requirements for development of vascular access center. M. Kunderlík, Bratislava	15 min
10:00	Vascular Access Device Competence of nurses in the Czech Republic vs. abroad. M. Douglas, Olomouc	15 min
10:15	Definition and indication of peripheral vascular devices (according to ERPIUP). K. Lisová, Prague	15 min
10:30	Definition and indication of central vascular devices. M. Polák, Mladá Boleslav	15 min
10:45	Discussion	15 min
11:00	Coffee break	15 min
<u><i>II. Session - Recommendations for insertion and care of vascular access</i></u> Chairs: I. Constantine, L. Daniš, M. Polák		
11:15	Recommended procedures for introducing vascular access - use of ultrasound and ECG navigation - SIC/SIF protocols. L. Daniš, Olomouc	15 min
11:30	The SIP protocol. I. Kociánová, Nový Jičín	15 min
11:45	The RAVESTO protocol (Rapid Assessment of Vascular Exit Site and Tunneling Options). M. Polák, Mladá Boleslav	15 min
12:00	Care of central venous catheters. I. Constantine, Ostrava	15 min

12:15	Insertion and care of peripheral vascular access (according to ERPIUP). K. Pavelková, Prague	15 min
12:30	Discussion	15 min
12:45	Launch break	60 min
12:55	Industry symposium Medisyner - Care for the inside of the catheter J. Charvát, M. Šenkyřík	35 min
13:45	<u>Special session - The importance of the National Society for Optimal Vascular Access.</u> Ton Van Boxtel, president WoCoVA	30 min
14:15	Invitation of WoCoVA in Prague J. Zilverentant, T. Hulshof, members of WoCoVA	15 min
	<u>III. Session Non-conventional vascular accesses, DIVA patient, VAD for hemodialysis</u> Chairs: P. Michálek, J. Kavan, J. Malík	
14:30	Second and third choice vascular accesses. P. Michálek, Praha	20 min
14:50	Superior/inferior vena cava stenosis and obstruction - what about it? J. Kaván, Praha	20 min
15:10	Dialysis accesses - up to date 2023. J. Malík, Praha	20 min
15:30	The DIVA patient. M. Douglas, Olomouc	15 min
15:45	Discussion	15 min
16:00	Coffee break	15 min
	<u>IV. Session – Medical and nursing staff education in the field of venous access</u> Chairs: V. Chovanec, L. Šeflová, K. Lisová	
16:15	Education of the general nurses in the field of venous access at Czech Universities. A. Pokorná, Brno	15 min
16:30	Certified courses “Venous access nursing care and maintenance” and “Application of parenteral nutrition and nursing care-peripheral and central venous access devices in the social environment”. L. Šeflová, M. Douglas, Olomouc, M. Dvořáková, Praha, V Majerníková, Brno	15 min
16:45	Results of a questionnaire survey in the ICU and Anesthesiology Departments. D. Astapenko, V. Chovanec, Hradec Králové	15 min
17:00	Training courses: Ultrasound guided venous cannulation and catheter insertion for physicians. V. Chovanec, Hradec Králové	15 min
17:15	Certified cannulation courses organized by University Hospital Motol in the field of vascular access. K. Lisová, Praha	15 min

17:30	Educational programs in vascular access for nurses within hospitals. P. Táborská, Olomouc, M. Michalíková, Ostrava	
17:45	Discussion	15 min
17:45	End of first day conference	

[Tuesday 26.9.2023](#)

[V. Session – Pediatric block](#)

Chairs: J. Čutora, B. Nedomová, T. Merta

9:00	Safe insertion of CVAD in children and neonates SIC-PED. B. Nedomová, Bratislava	15 min
09:15	Peripheral and central vascular access in PICU. Cabanová, K. Pavelková, Praha	15 min
09:30	Selection and use of VAD in pediatric onco-hematological patients . T. Merta, O. Rohleder, Brno	15 min
09:45	Vascular access in children - Tips and Tricks. J. Čutora, Banská Bystrica	15 min
10:00	MARSI and CASI in children, what we can do with it? A. Kurasová, Ostrava, M. Galková, Olomouc	15 min
10:15	Discussion	15 min
10:30	Coffee break	15 min

[VI. Session – Infectious complications - prevention, local, systemic](#)

Chairs: J. Kletečka, P. Šmahel, O. Rohleder

10:45	Diagnosis of BSI catheter infections in the ICU. P.Šmahel, Hradec Králové	15 min
11:00	Patient with a central venous catheter and new-onset fever. J. Kletečka, Plzeň	15 min
11:15	Catheter infection therapy. Treatment of BSI. O. Rohleder, Brno, M. Rázus, Bratislava	15 min
11:30	Antimicrobial lock for CVAD. V. Maňásek, Nový Jičín	15 min
11:45	Treatment of local infectious complications. M. Douglas, M. Galková, Olomouc	15 min
12:00	Discussion	15 min

12:15	Launch break	60 min
12:25	<u>Industry symposium 3M - A new product is knocking on the door. Attention!</u> L. Syrovátková, M. Petr	35 min
	<u>VII. Session - Thrombotic complications, occlusion of catheters, dislocations solution, hemocoagulation parameters during cannulation</u> Chairs: M. Šenkyřík, V. Maňásek, Š. Hrabovský	
13:15	Catheter related thrombosis – prevention, treatment. M.Šenkyřík, Brno	15 min
13:30	Haemocoagulation parameters for cannulation, anticoagulants. Š. Hrabovský, Brno	15 min
13:45	Central catheter dislocations managment. V. Chovanec, Hradec Králové	15 min
14:00	Persistent withdrawal occlusions in venous prts - reasons, risks, solution. V. Maňásek, Nový Jičín	15 min
14:15	PICC occlusions: Tip and Tricks. A. Vlasáková, Plzeň	15 min
14:30	Discussion	15 min
14:45	End of conference
